

Selective Fell of Wood Bordering 13th, 14th and 15th Holes—2nd Phase

Following on from a selective fell of the wood earlier this year it is proposed to proceed with a further selective fell.

The aim of this 2nd phase is to re-establish a clear view from the 14th tee to the Moray Firth.

It is proposed for this to be done in January 2009 (weather permitting) and will involve a strip roughly 30 m wide from behind the 14th green through to the 15th fairway.
